Reference: April Quarterly Report (1/1/06 – 1/31/06)

Dear Mr. Parker:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. This notice requests information essential to full public disclosure of your federal election campaign finances. **An adequate response must be received at the Commission by the response date noted above.** An itemization of the information needed follows:

-Schedule B supporting Line 23 of your report discloses \$5,490 in earmarked contributions to a candidate(s) for the 2003 Primary and General elections. Since 2003 in a non-election year, the next closest elections are the 2004 Primary and General elections. Thus, the funds were disbursed after the election date(s). Please note that earmarked contributions may not be designated for an election which has already occurred unless the funds are to be used to reduce a candidate committee's debts incurred during that election campaign.

If any apparently impermissible earmarked contribution in question was incompletely or incorrectly disclosed, you should amend your original report with clarifying information. If the earmarked contribution(s) in question should have been designated for debt retirement, you should amend your report to indicate "debt retirement," along with the year of election.

If you have forwarded an impermissible earmarked contribution, the individual must request a refund or provide a written authorization for a redesignation of the contribution pursuant within 60 days of the treasurer's receipt.
